

Report from the Social Committee

By Leigh Anne Bryant, chair

The Social Committee would like to thank you, our neighbors, for completing the survey regarding your opinion and interest in social events in Spring Shadows. We received over 350 individual responses. The neighborhood is working on a comprehensive social plan based on your feedback. Our vision is to provide social events and activities for *all* residents in the neighborhood. Whether you are an original owner, a retiree, a new resident or a young family, we want you to be able to connect with your neighbors and have events that engage you in your phase of life.

Needless to say, COVID-19 has derailed us in moving forward with many of our plans. We had to cancel Spring Fest due to pandemic restrictions. And we will not be having future events until it is safe to do so. We appreciate your understanding and patience.

And finally, the committee would like to thank you for caring for your neighbors during this challenging season. Thank you for putting teddy bears in your windows and chalking your driveway. Thank you for checking on residents living alone. Thank you for picking up groceries for your at-risk neighbors. We see these kind and caring things you are doing. And we appreciate you. YOU are the reason Spring Shadows is a fantastic place to live. Together, we will get through this time. And then, let's have a party!
