

Dr. Jennifer Blaine
Superintendent of Schools

June 2024

Dear Spring Shadows Civic Association Members,

At their Monday, June 17 Special Meeting, the SBISD Board of Trustees voted to the change the closure timeline for Spring Shadows Elementary (SSE) from the 2025-26 school year as originally approved by Trustees on March 25, 2024, to be effective instead beginning for the 2024-25 school year. District administration made the recommendation leading to the Board of Trustees' decision due to unforeseen hiring challenges precluding the district from adequately staffing SSE for the upcoming school year.

Spring Shadows Elementary will close as of June 30, 2024, with students attending their rezoned school (Buffalo Creek, Pine Shadows or Terrace Elementary) for the 2024-25 school year. Spring Shadows Elementary families have been notified of their new rezoned school, based on their home address.

Current and future families wishing to confirm their zoned elementary, middle or high school for the upcoming two school years may do so using the district's school search tool at this link: <https://apps.myplanware.com/schoolsearch/springbranch>

We thank the Spring Shadows community for your support and understanding as we continue to work through the impacts of our state's failure to adequately fund public education.

Please direct any questions to partner@springbranchisd.com

Sincerely,

A handwritten signature in black ink that reads "Jennifer Blaine".

Jennifer Blaine, Ed.D.
Superintendent of Schools

BOARD OF TRUSTEES
